PROFILE

I am a recent graduate in software development who genuinely enjoys coding and creating meaningful digital solutions. Throughout my studies, I developed not only technical skills but also a strong problem-solving mindset. I am curious, persistent, and excited to start my professional journey in a dynamic development environment.

EXPERIENCE

Avr. 2024 — Juil. 2024

Frontend developer | Internship

Saper Vedere, Brussels

- Collaborated with a UX/UI designer and implemented responsive webpages using Figma
- Participated in code reviews & daily standups
- Managed source control with GitHub and handled application deployments via Vercel
- Gained hands-on experience with APIs, enhancing functionality and integration
- Received positive feedback from mentors for my problem-solving skills

Oct. 2023 — Juin 2024

Programming tutor

EPFC, Brussels

- Provided academic support to first-year students in Java fundamentals.
- Guided them through practical exercises and assignments.
- Answered questions and explained lessons in a clear way.
- Helped students develop autonomy and confidence in their coding skills.

Déc. 2010 — Août 2019

Non-IT related jobs

Horeca/Retail, Brussels
